

Here's what's
happening this month at

October 2010
is All about
the new
Spectra Laser

Skin Spectrum is now offering Spectra Laser Treatments to our patients. The latest in non-ablative skin rejuvenation procedures, the Spectra Laser provides gentle yet effective treatments for enlarged pores, reducing fine lines, evening out skin tone, treating acne and melasma, and tattoo removal.

The Spectra laser is safe for most skin types and has no patient down time. **Now through October 15th**, we will be offering this procedure at an introductory price of \$100 per treatment.

The following prices in effect starting October 16

Melasma and hyperpigmentation usually require treatment one time per week for 7 to 10 weeks, then maintenance as needed every 1 to 3 months. - \$250 per treatment or \$1750 for package of 10.

The SpectraPeel is great for skin rejuvenation, treating acne or photodamage. You may require 3 to 5 treatments and maintenance every 3 months as needed. - \$350 per treatment.

Pigmented lesions require 1 to 3 treatments starting at \$175 per treatment. Tattoo removal can require 8 to 10 treatments. Treatments start at \$250, depending on the size of the tattoo.
