## March is All About VI Peels

The **VI Peel** addresses a myriad of skin problems. The science behind this versatile chemical peel is a unique blend of medical skincare ingredients and vitamins which produce positive visible results with little downtime.

The **VI Peel** will:

- Reduce brown spots, age spots, or hyperpigmentation, including melasma.
- Reduce acne marks.
- Boost the effectiveness of one's daily acne skincare program.
- Stimulate the production of collagen and elastin for firmer, tighter, more youthful skin.
- Improve the skin clarity, tone and texture.
- Soften lines and wrinkles and help shrink large pores.
- Restore and help improve all skin types.
